EDUCATION

Aug. 2018–May 2022

B.S. Graphic Design Communication
Thomas Jefferson University, Philadelphia, PA
Honors Program Graduate
GPA - 3.96

EXPERIENCE

2015–Present

Freelance Artist/Designer
Self-Employed, Clarks Summit, PA

I produce a range of creative work, including logos, murals, illustrations, and portraits for clients that meet and exceed expectations.

Sept. 2018–May 2022

Graphic Designer and Marketing Assistant
Career Services Center, Jefferson University, Philadelphia

I designed promotional material such as emails, flyers, and posters for campus events, which in turn greatly increases student registration. Additionally, I established rapport with students and employers through maintaining a positive, professional attitude through interaction both in person and online.

May 2021–Aug. 2021

Data Visualization Design Intern
Federal Reserve Bank of Philadelphia

I collaborated with economists, researchers, and other designers to create and produce *Economic Insights*, a quarterly publication. Tasks included illustrating the covers for three issues, laying out spreads, and converting data provided by economists into data visualizations and graphics.

PROJECTS

Jan. 2022–May 2022

explore Publication
Jefferson University, Philadelphia

In collaboration with three other graphic design students, I helped to design and produce a showcase publication for Jefferson's School of Design and Engineering. Tasks included laying out spreads, curating projects, and presenting work to the client.

Jan. 2021–May 2021

Modular Cookbook Template
Carousel Connections (via Jefferson University), Philadelphia

I worked with undergraduate and graduate design students and doctoral occupational therapy students to design a modular cookbook template for adults with intellectual disabilities. The design process included prototyping and testing with users on site, and incorporating their feedback into future versions.
